Your finished photos will be printed professionally on top quality paper. All photos are printed on glossy paper unless you request otherwise.

COLOR:

Unless your monitor has been professionally color profiled, the color you see when viewing proofs on your computer may not be correct. **BUT -- The color of your enlargements will be perfect!**

CROPPING:

The subject is centered and extraneous background cropped for the most pleasing look on all prints. Please advise us if you wish your print to be cropped differently or more drastically.

* Photo size will be according to the best crop for the composition.

RETOUCHING:

Blemishes and small imperfections such as red eye will be retouched at no extra charge. Larger retouching jobs, such as replacing a background, or for digital cosmetic surgery (human only), can be done for an additional fee.

MONTAGES: FOR SOMETHING REALLY SPECIAL!

Start at \$250.00 for a composition including 2 images. Add \$100.00 per additional image -- Up to 5 of your favorite photos can be included. Your first 8"x10" or 8"x12" print is included in this price.
